Introduction

The primary objective of internal audit is to review, appraise and report upon the adequacy of internal control systems operating throughout the council. To achieve this SALC adopt a predominantly systems-based approach to audit.

The council's internal control system comprises the whole network of systems established within the council to provide reasonable assurance that the council's objectives will be achieved, with reference to:

- the effectiveness of operations
- the economic and efficient use of resources

- compliance with applicable policies, procedures, laws, and regulations
- the safeguarding of assets and interests from losses of all kinds, including those arising from fraud, irregularity, and corruption
- the integrity and reliability of information, accounts, and data

Methodology

When conducting the audit, the internal auditor may:

- conduct a selective assessment of compliance with relevant procedures and controls expected to be in operation during the financial year in order to be able to complete the Annual Internal Audit Report 2022/23 of the Annual Governance and Accountability Return (AGAR)
- review the reliability and integrity of financial information and the means used to identify, measure, classify and report such information
- review the means of safeguarding assets and, as appropriate, verify the existence of such assets
- appraise the economy and efficiency with which resources are employed, identify opportunities to improve performance and recommend solutions to problems
- review the established systems to ensure compliance with those policies, procedures, laws, and regulations which could have a significant impact on operations, and determine whether the council complies
- review the operations and activities to ascertain whether results are consistent with objectives and whether they are being conducted as planned

Section 1 – proper bookkeeping		
The internal auditor will look at the methods and processes used to manage the council’s accounts and in particular that it provides clear data for reporting and monitoring purposes. This includes checking information is accurate, kept up to date, referenced and verified.		
Evidence		<i>Internal auditor commentary</i>
<i>Is the ledger maintained and up to date?</i>	YES	The council uses an excel spreadsheet to form the basis of their accounting system detailing receipts and payments ensuring that the financial transactions of the parish council are accurately recorded.
<i>Is the cash book up to date and regularly verified?</i>	YES	The cash book provides good evidence to support the council’s underlying statements. Regular reports are generated and circulated to councillors detailing expenditure and income and the accounts reconciled to the bank statements showing good internal control.
<i>Is the arithmetic correct?</i>	<i>Partly Met</i>	Cheques to the value of £806.01 were recorded as not cashed and therefore re-stated in the council accounts. The value has been incorrectly added to the receipt’s column. As these were uncashed cheques, this was not an income received and should not appear in this calculation. RECOMMENDATION: The payment column stays as it is with the £806.01 shown as a minus figure, therefore cancelling out the value of the original payment. The income column needs to remove the value completely, from the detailed receipts where it is added in and the end calculation where it is cancelled out. This is not income.

Section 2 – Financial Regulation and Standing Orders		
The internal auditor will check the date the Council conducted its annual review of both Standing Orders and Financial Regulations and in particular check if these are based on NALC'S latest model which include legislative changes.

Section 3 – Payment controls		
The internal auditor will specifically check bank reconciliation including credit/debit cards and management approval processes and evidence that internal Financial Regulations (FO) are being followed. The internal auditor will examine how regular payments are managed and specifically seek evidence that these have been brought back to the Council for verification purposes especially where the actual payment made differs from the amount previously agreed. VAT should be clearly identified including evidence that claims have been correctly managed. The internal auditor will check if the Council has a clear understanding on eligibility in relation to the General Power of Competence and that s.137 has been correctly applied and managed.		
Evidence		<i>Internal auditor commentary</i>
Is there supporting paperwork for payments with appropriate authorisation?	YES	A selection of expenditure items was made, and cross checked against the cash book, invoices and bank statements. A list of payments is presented to councillors ensure formal approval of expenditure and this is correctly minuted. Invoices are signed and dated, with the cheque stubs initialled. This demonstrates good practice in that there are measures in place that help safeguard public money.

S137 donations recorded are of a direct benefit to the electorate with payments made reported at the council meetings. RECOMMENDATION: Section 137 payments should be recorded separately from the subscriptions to allow a clear running total, ensuring funds spent are within the statutory limit.

At a meeting held 21 st September 2022 the insurance cover was checked and agreed.

³ Section 137 of the Local Government Act 1972 (“the 1972 Act”) enables local councils to spend a limited amount of money for purposes for which they have no other specific statutory expenditure. The basic power is for a local council to spend money (subject to the statutory limit – of £8.82 per elector) on purposes for the direct benefit of its area, or part of its area, or all or some of its inhabitants.

		<p>Council also records Sports Pavilion Insurance which was reviewed and approved at a meeting of full council held 22nd March 2023 and presented to the Internal Auditor.</p> <p>The level of Fidelity Guarantee meets the recommended guidelines which provides that the cover should be at least the sum of the year-end balances plus 50% of the precept/grants.</p>
<i>Evidence that internal controls are documented and regularly reviewed⁴</i>	YES	<p>At a full council meeting on 26th May 2022 a councillor was nominated for the monitoring of the Internal Control. It was then detailed at meetings held 21st September and 21st December 2022 that reviews of the Internal Controls were checked and managed accordingly, in accordance with the Accounts and Audit Regulations 2015.</p> <p>This clearly demonstrates public finances are adequately protected and managed and evidence necessary steps have been taken to mitigate any risks identified.
